THE Bespoke solution

Microsurgical instruments require special accommodation during washer machine cleaning, autoclaving and off-site transportation.

MicroWash trays enable effective cleaning and sterilisation whilst also protecting even the finest instruments.

Suitable for all Ophthalmic, Neuro, ENT, Micro-Vascular and Dental instruments. MicroWash trays can be wrapped or placed into rigid containers during transit.

Some examples of tray sizes - Other sizes available

Many carcass sizes are available both in single and double layer configurations.

Sizes that can accommodate a single diamond knife up to a complete DCR, major ear or neurosurgery set give you a wide choice

A9104
195x70x40mm

A9106
220x125x40mm

A9110
250x220x40mm

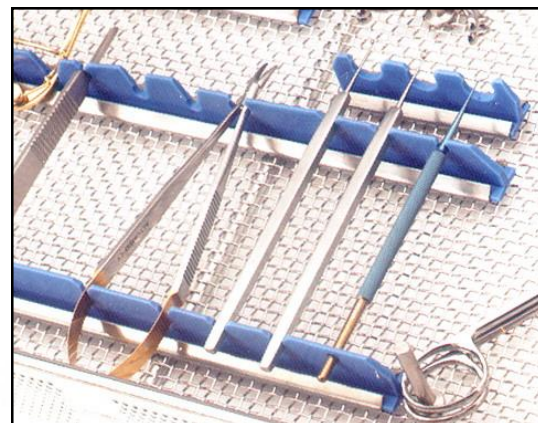

A9114
440x250x80mm

Customising components

Even the most delicate instruments such as these retinal forceps can be protected during automated washing and off-site processing by accommodating them in a customised MicroWash tray

Each MicroWash tray is supplied with a plastic laminated 'Placement Sheet' which enables both theatre and theatre services staff to relocate instruments into their proper place in the tray

Tray 8082 - Adkins/Arns - Basic Eye And ILM Set
